

Let us assist you in fitting your team for this upcoming season and beyond.

Here at Atlanta Swim Academy, we know just how important it is to have the perfect suit for race day as well as a variety of durable practice suits to get you through the season. We want to assist you in fitting your team for this upcoming season and beyond. We are a Factory Authorized Speedo Team Dealer and can offer you and your team tremendous deals on top of the line racing suits as well as practice suits and equipment. We will match any pricing you are currently receiving. We have a convenient location, 3 pools (1 Jr. Olympic) and a large retail shop. We are also expanding our retail store inventory and would be willing to stock any items you may need. You have the option to visit us here for the fitting or we could come to you. We would love to have the opportunity to discuss anything further.
